Course Description

This course is an elementary level of Modern Standard Arabic (MSA), which is spoken and written throughout the 21 countries of the Arab world. It is designed to introduce students to the basic skills of reading, listening, writing and speaking. The class focuses on pronunciation, phonology and writing the Arabic alphabet. Gradually, through exploring the drills, exercises and class discussion, students will develop oral and aural proficiency for communication and learn the fundamental structure of basic sentences.

Class will depend on simple interactive tasks involving teacher to students and student-to-student, and extensive listening exercises to develop communicative skills. Culture across the Arab world is an integral part of this course. Arab culture will be explored through the reading, audiovisual materials, the *aswaat arabiyah* site, film and outside class activities.
